

How to proceed with a 0 % VAT order for export outside EU:

(Only for countries outside European Union)

Choose your products and add them to the cart, then proceed to checkout.

Select the country called "Country outside EU".

Write your destination country into the field "State/County".

The export papers of your assigned transportation company need to be submitted to SWISSCAVE immediately after export. Otherwise we'll have to invoice you for 19% German VAT.

Customs and VAT of your import country will be charged to you by the transportation company.

If you prefer, we can arrange transportation to your country for you. Please contact us on info@swisscave.ch for such offer.

Thanks for visiting SWISSCAVE
